3. How is mental health defined in North Carolina ([Article 1.pdf \(ncleg.gov\)](#)):
  - a. Mental illness. – The following:
    - i. a. When applied to an adult, an illness which so lessens the capacity of the individual to use self-control, judgment, and discretion in the conduct of the individual's affairs and social relations as to make it necessary or advisable for the individual to be under treatment, care, supervision, guidance, or control.
    - ii. b. When applied to a minor, a mental condition, other than an intellectual disability alone, that so impairs the minor's capacity to exercise age adequate self-control or judgment in the conduct of the minor's activities and social relationships so that the minor is in need of treatment.
